Principal's Letter

I have been looking at previous yearbooks, right back to the first one produced in 1970, and what really is most evident is that the more things change, the more they have stayed the same.

Without a doubt the people have changed but it was very interesting, after 6 years in the hot seat, to read the words of previous Heads, Mr Lamacraft, Dr. Marshall, Mr Beacroft, Mr Rodriguez and Mr Lennox. In the first yearbook Mr Lamacraft said how proud he was of the steady improvement of the facilities, the calibre of the teaching staff and the academic success of the students. Forty-three years later I could say those exact same words. Mr McCullough and his maintenance team are constantly working to improve our surroundings, the staff at Warwick Academy are the backbone of the school and our students are going to the best universities in the world and then coming back to Bermuda to further develop the island's resources. An example of this are my Head Girl and Head Boy this year, Lindsay Fisher and Russell Conyers, who have both been accepted into prestigious medical schools. Needless to say they, and the rest of the student leadership team, have represented the school with poise and dignity all year.

So things change but things stay the same and school yearbooks are an important record of just this. Without people who are prepared to spend time producing the Yearbook these records would not exist. My thanks go to the Yearbook Committee who have spent many hours organising, taking and uploading photographs and making sure that all aspects of life at Warwick Academy are recorded for another year.

Enjoy your Yearbook – and keep it safe, for you never know what enjoyment and interest it may hold for you in another forty years.

Head of Primary Letter

Dear Readers,

Welcome to the Primary section of the Warwick Academy Yearbook. I hope you enjoy looking at the breadth and width of wonderful experiences that the children at the school have been offered. I am going to try to summarise in this introduction the opportunities that have been offered to and taken by our outstanding student body

over the last year. Not an easy feat and I am sure I will miss something, but I will do my best.

We started the year with a bang in Term 1 with a fantastic Book Week. Using the book *The Flower Man*, a variety of activities followed - all linked to this book's theme of spreading happiness. The creativity evident in both teachers and students was a wonderful thing to see.

Then in the second half of Term 1, we introduced a new event to celebrate History. During our History Day in November children and staff came to school dressed as people from history. Some dressed as particular characters; for example, we had a number of young ladies dressed as Cleopatra. Others dressed in clothes from a certain period of time – and the teachers were not exempt and certainly stepped up to the mark.

Teachers continued to raise the bar with the productions we put on. In Lower Primary a decidedly Russian feel was chosen with the performance of 'Babushka'. In Upper Primary the Production in Term 2 was *Treasure Island* and showcased some stunning developing talent that I know will continue to flourish.

Our International Day in Term 3 was an uplifting event. It is fantastic to see the growth in internationalism in our children. Just realising that there is more out there than what they as an individual have directly experienced, and that people do not necessarily eat the same food, wear the same clothes, speak the same language, in different countries and continents is so important if we are to send well rounded, tolerant young adults out into the world.

Sport has been another highlight of the year with success across so many areas – from running to rugby. Internally we had a very enjoyable Upper Primary Swim Meet in Term 1 and a fun Ceilidh, at which the children demonstrated a variety of Scottish dancing skills. In Term 2 Upper Primary children showed us their ability at Cross Country and finally in Term 3 we had our Upper Primary and Lower Primary Sports Days.

Our mathematically minded Y6 pupils had a fantastic showing at the Maths Olympiad and placed very well; this included the first place in this age group.

If you add to all of this our wonderful showing at the BNG art competition and some of the excellent articles written by our Y6 pupils that have appeared in the local paper over the year, it truly shows that children have the opportunity to excel in all areas. For this we must be very grateful to our wonderful body of staff. It is so clear that for many of our staff what they do is truly a vocation and not just a job. Add to this the commitment that parents give to the school and to their child's education and we have a winning combination. I guess that is what allows Warwick Academy to be all that it is; so much more than just a place to learn.

Enjoy the celebration of excellence you will see between these pages.

Primary Book Week

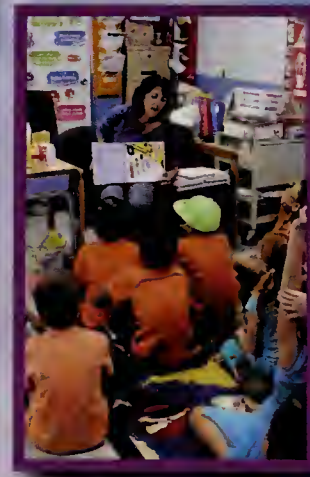

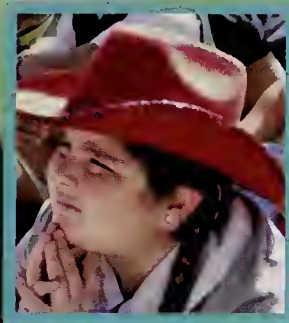

"The Flower Man"

by
Mark Ludy

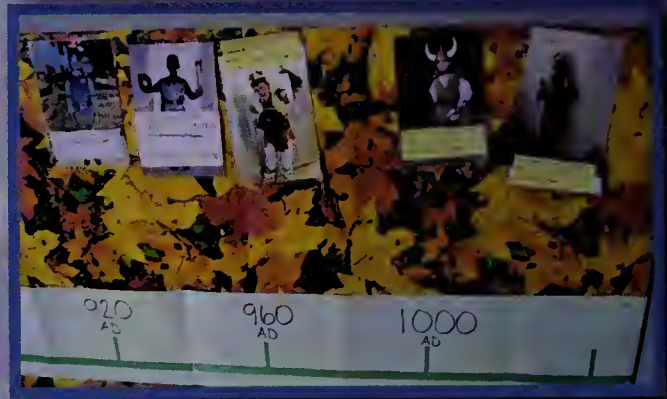

This year's Book Week involved every year group focusing on the wordless picture book "The Flower Man" by Mark Ludy. The Flower Man comes to town in the dead of night where a long forgotten, long abandon little house is for sale. He buys it. He fixes it up. And everything he touches ...turns to colour! He plants a garden and gives away a little flower - to a little girl ...who turns to colour! Before you know it, each life is touched while colour spreads throughout the street, throughout the town... all impacted by the life of the extraordinary Flower Man. This shows that by kindness and caring for each other, everyone can be happy. The Primary department started the week by wearing black and white clothes and finished by wearing colourful clothes which imitated the colours of the book. The work in the classrooms involved writing, art, science and drama and everyone was involved in a random act of kindness in the community. For example Y5 visited Westmeath where they sang to the residents and gave them flowers whilst the Y3's gave flowers to the customers at Lindos. Other children helped in the school community by caring for their peers. We discovered that spreading kindness and joy not only made others happy but it made us happy, too!

Class of 2021

BELCO

We recognise the value of supporting Bermuda's young people. BELCO's interaction with students starts with visits by Kite Safety Man and BELCO Bird in P1 and continues into middle, high and post secondary school through mentoring, camp, work placement, summer student internship, apprenticeship and scholarship opportunities. We emphasise science, technology, engineering and mathematics (STEM), encouraging the young stewards of Bermuda's future to take responsibility for addressing critical problems that affect the Island and the Earth. For information, visit www.belco.bm or contact us at info@belco.bm.

BERMUDA'S FUTURE LOOKS BRIGHT

Head of Secondary Letter

Welcome to the Secondary section of the Warwick Academy yearbook. Yet another year has passed and this yearbook stands as testimony to the achievements of the students who have so eagerly and willingly participated in all the activities which the school offers. Paging through this most vibrant rendition of events, it makes me very proud to be writing this forward.

Starting with wonderful academic results and without beating the phrase 'our best ever' to death, we continued to deliver wonderful drama productions, music concerts, sport results, charity events, spirit weeks, international days, human rights initiatives and outstanding leaders in society. The list of events, activities and achievements is a long one and I am not going to try to list them all in this piece.

Rather I would like to focus on the people who make Warwick Academy what it is. It is you our students who create the memories, participate in teams, lead events and produce results. I am sure you will find the relationships reinforced by this yearbook most meaningful and that it will be something to treasure over the years.

The other people who continually raise expectations and have worked tirelessly again this year are our teaching and support staff. I am indebted to their efforts and thank them for their time in ensuring that all that is held within this yearbook happens.

I do hope that those in the graduation in the class of 2014 will stay in contact with the school. You are a significant part of our history and we want to hear about your progress and follow your road travelled. It does not matter where you are in the world or whatever stage of life you are at - please do keep in touch.

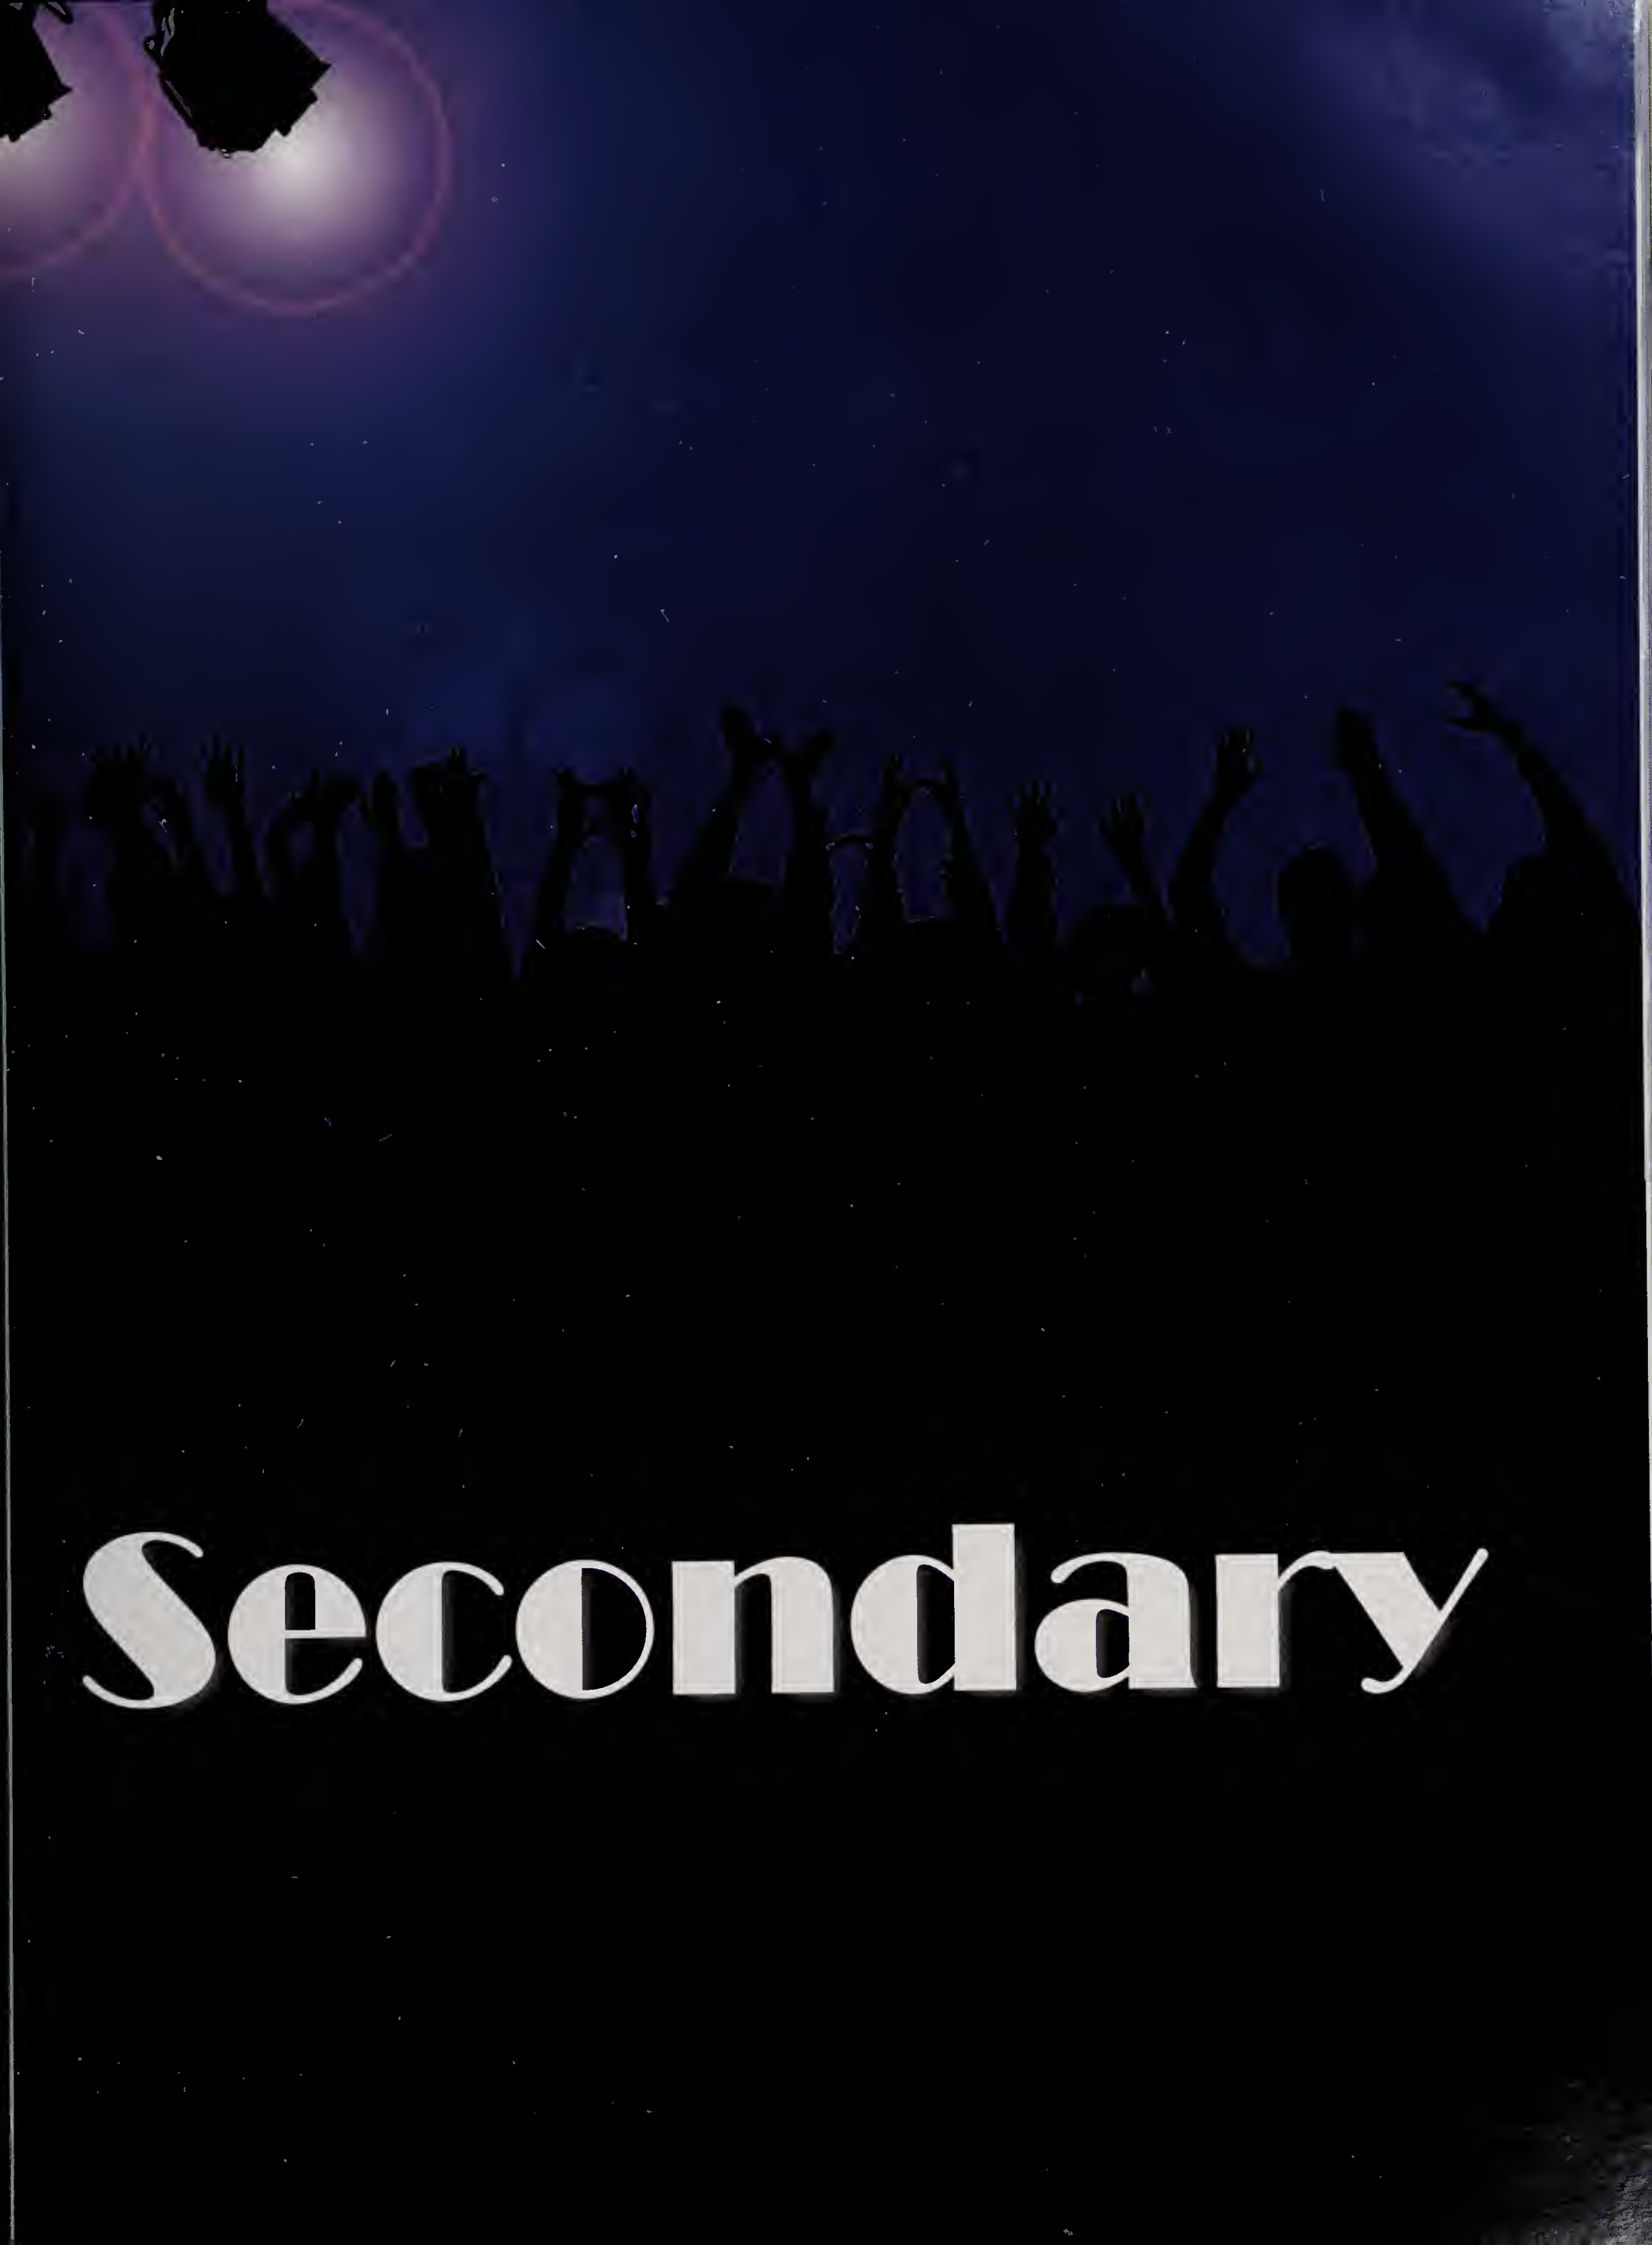

Finally it was George Halifax who said: 'Education is what remains when we have forgotten all that we have been taught'. We truly hope that the memories of your journey through Warwick Academy in 2014 remain and are echoed through our slogan 'so much more than just a place to learn'.

I trust you will enjoy the pages that follow.

Head of Sixth Form Letter

Dear Readers,

It would seem that the 2013-2014 academic year has flashed before our eyes; as always, it has been a busy time for all of us in the Sixth Form. Barber Hall has acted as the hub for all I.B. students and what a lively building it can be. There is never a dull moment and each day brings a new joke, a new excuse to not meet a deadline and a fresh challenge that requires hard work. The students spend more time in Barber Hall together than anywhere else – they might not realise it yet, but they will soon miss the building, the staff and each other.

The Year 13 students can now sigh (a slight) breath of relief as their important I.A. work has been submitted and university and scholarship applications have been completed. This means their attention is now shifting to the review and revision of their approaching I.B. examinations, or at least we hope it is, because study leave for the graduating class of 2014 is just around the corner! The Class of 2014 are a diverse group of individuals who participate in a range of extra-curricular activities – I do not know how they find the time to study with their busy schedules. Although they will soon be leaving us, we are sure they will fondly reflect on their time spent at Warwick Academy and cherish the strong bonds they have made with each other.

Year 11 must seem like a distant memory for our Year 12 students. They have adjusted well to the daily routines of Sixth Form life and appear to be enjoying the challenges thrown at them from their I.B. subjects. Year 12 have a strong sense of team spirit and we hope their contributions to the whole school community, charities and support of each other continues to Year 13. I look forward to working with them on their university applications – it is an exciting time!

As usual my thanks go to all staff at Warwick Academy who have helped and supported our Sixth Form students in any way. Without the care and dedication of our staff, our students would not fulfill their potential. I would like to extend special thanks to Adela Ruberry (I.B. Coordinator), Sarah Taylor (Guidance Counselor) and our team of Sixth Form tutors for ensuring our I.B. students are supported and have success.

Helen Scott

Lord Of The Flies

Lord Of The Flies

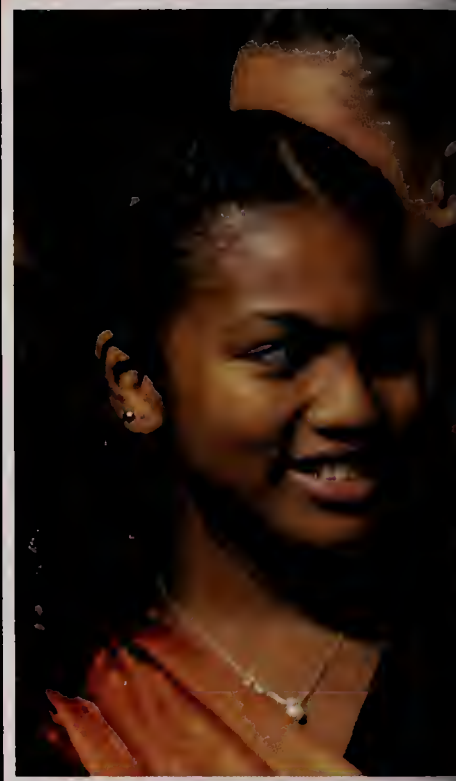

With its first performance on Wednesday 29th November, this year's Drama Production was William Golding's 'Lord of the Flies' which had a four day run at the School. Possibly one of the most challenging productions ever staged at the School in terms of content, this particular production pulled no punches in terms of descending deep into the human psyche and our capacity for primitive violence and brutality as a means of survival. Much deserved praise was lauded on an outstanding cast lead by Noah Marshall, Zachery Freisen, Damon Rosati, Treasure Tannock and Zachery Myers. Equally outstanding was the work of the technical team led by Samuel Bennett who vividly brought the abstract set to life through ambitious lighting designs. Controversial, thought provoking and bold, this will remain one production not easily forgotten.

Yearbook Committee

Dear Readers,

The 2013 – 2014 academic year has been filled with amazing memories and special events. The fundraisers and sports events specifically have embodied a whole new level of Warwick Academy spirit, which was then topped off with the introduction of Spirit Week. Thanks to the Student Council, we got to experience a heightened community feel and partake in many team activities.

The Yearbook Committee hopes to have captured this sense of solidarity in our yearbook this year through laughing faces, companionship and freedom of expression. In order to capture this camaraderie, we chose to change the name of our endeavours to “To What Heights We Rise Apart”. For us, this expression really defines our journey through Warwick Academy and our development as an individual academically and personally. For this we are thankful.

Without the help of Mr. Totten, our dedicated supervisor, we probably wouldn’t have got much done. The countless hours that he set aside to guide us have allowed a wonderful yearbook to be created, representing the dynamics of the school. Also a special thanks to Mrs. Hodgkins and Ms. Perry for keeping on track with and taking pictures for numerous school activities. We must also thank all of the Staff at Warwick Academy for their support and help throughout the years and for making our experience at Warwick Academy unforgettable.

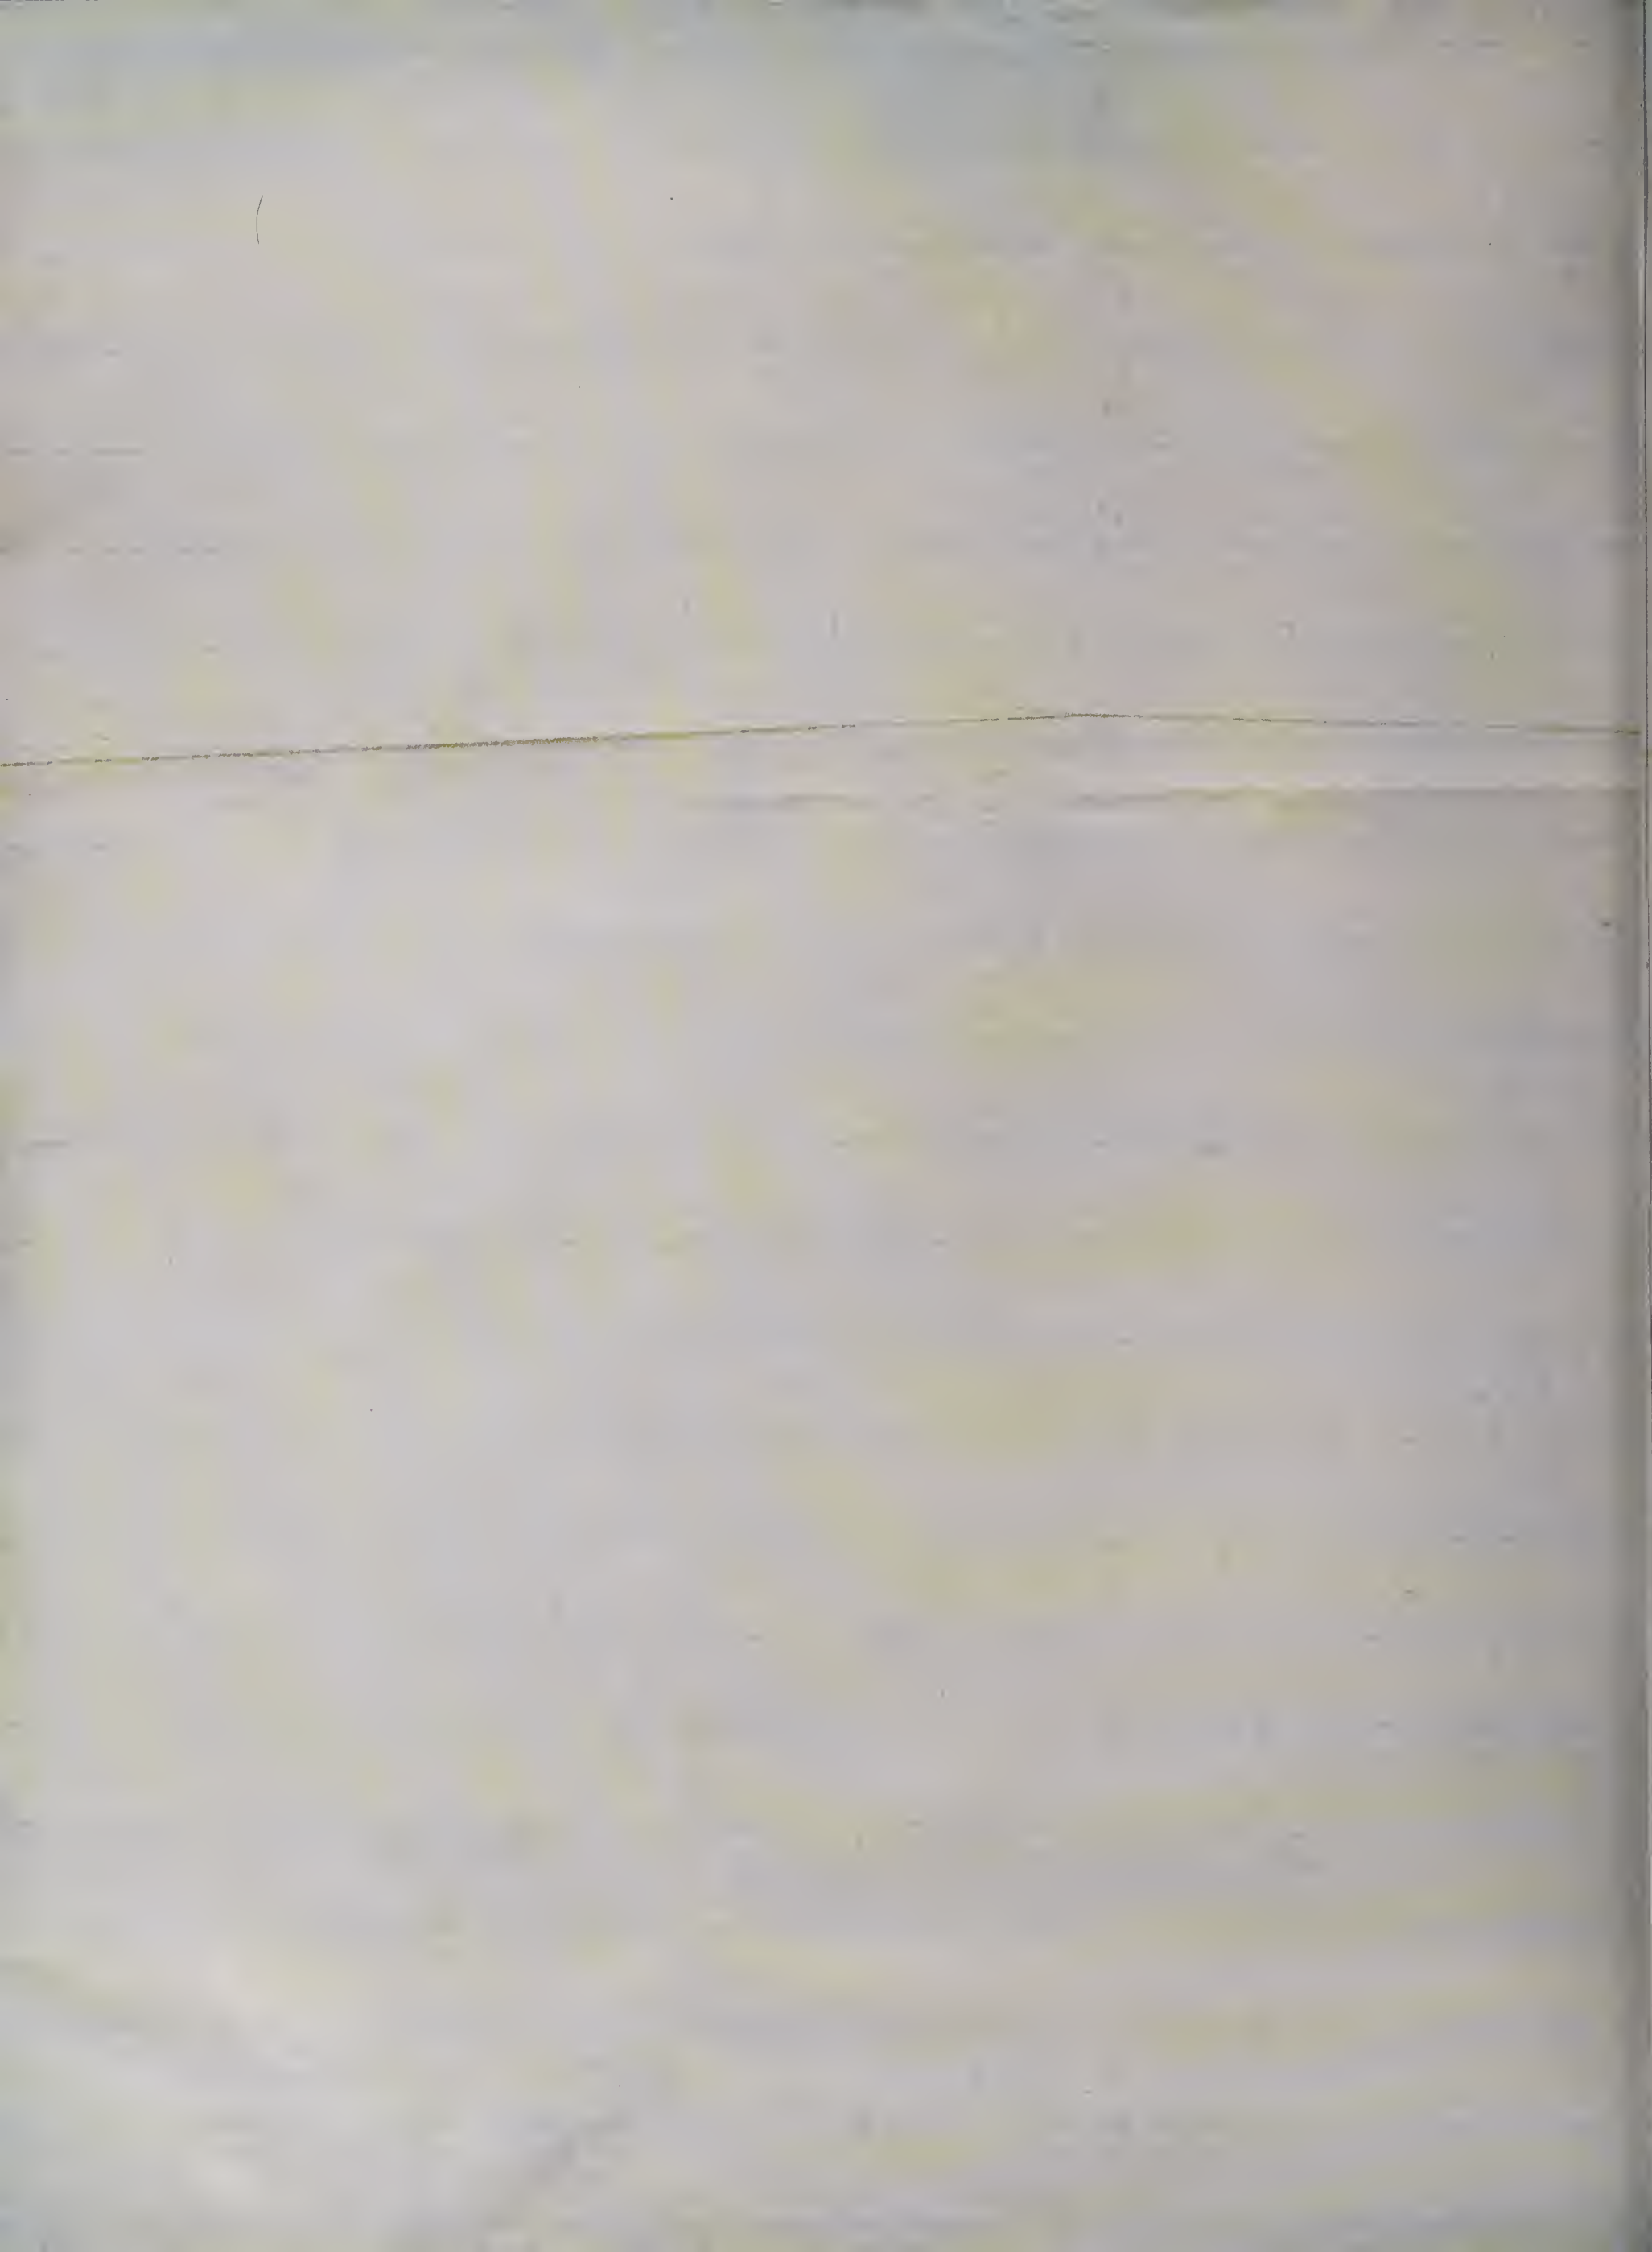

As this is our senior year, it has been packed with deadlines, coursework and exams. Although extremely stressful, the sense of support from Staff is indescribable. Many thanks to Ms. Scott, who tried to keep us working and fulfilling goals, as we could not have achieved so much without her persistence. We also appreciate the little attempts to distract and entertain us when we needed it.

We would also like to thank Mrs. McCorkell for her constant support and guidance during our time here, particularly as she has created an environment where we can grow together as a year group and a school.

For our final words, a message to the students, we would like to wish you the best in everything that you encompass. To quote our Business teacher, Mr. Horan, “Life is a marathon, you will have times to jog but always remember to sprint at the end”. Try your hardest when it matters because the desire for success will pay off in the future. So far it’s worked for us!

Sincerely,
Justice Edness, Morgan Smith & Alex Simpson
